## Consultation

One-hour consultations are \$100 and will count as a deposit towards your commission. Please bring any ideas, including reference photos, to the session for us to go over. A solid idea is not necessary—we will create a design and plan together. Prior to the session, please meditate on the following question(s) and note down whatever comes up:

What do you want to feel as you move through the world with this piece? What do you want to communicate (to yourself and others)? What sort of intangible emotion, memory or concept do you want this item to embody in the physical world? If the item is a gift, how do you want the recipient to feel wearing it?

Looking forward to working with you ♥
